CALTRANS TO CLOSE SOUTHBOUND I-15 AT THE I-15/215 JUNCTION, THURSDAY, MAY 13

Devore – The California Department of Transportation (Caltrans) will close the southbound sector of I-15 at the I-15/I-215 Junction in the Devore area of San Bernardino County. The closure will be from 9:30 a.m. to 1:30 p.m., Thursday, May 13, 2004 while Caltrans maintenance crews repair freeway shoulders, replace guardrails and fill potholes.

Detour: Motorists traveling southbound on Interstate 15 should take southbound Interstate 215 and connect to westbound I-10 to return to southbound I-15. Please allow at least 1/2-hour extra for this detour.

If it is not essential for you to travel through the area while construction is underway, please delay your travel until after 1:30 p.m., when the closure will be lifted.

Repairs will be done with several Caltrans crews working simultaneously to perform multiple projects during the one closure. Combining projects this way helps reduce the number of days closures are needed and this reduces the frequency of traffic delays created by road closures.

Caltrans wishes to thank motorists for their patience during this highway maintenance project and reminds motorists to remember to slow for the cone zone.
